

WARRANTY As an ISO 9001:2008 certified company; all goods sold by SAS Safety Corp. are carefully manufactured, tested, inspected, checked and packaged by experienced workers, and are as free from defects as possible prior to leaving the factory. All products, equipment and parts (collectively "Product" or "Products") sold by SAS Safety Corp., either directly to its customers, or indirectly from its suppliers or distributors to their customers, are warranted, to the original end-user purchaser who/that receives the original, unaltered Product ("Purchaser"), to be free from defects in workmanship and materials under normal use for 90-days. Defective products must first receive a Return Goods Authorization (RGA) number from SAS Safety Corp.

Upon receipt of a returned Product from a Purchaser, SAS Safety Corp.'s quality control will evaluate and analyze whether the Product is defective due to workmanship and/or materials, which is at the sole discretion of SAS Safety Corp. If SAS Safety Corp.'s quality control determines that the Product is defective, it is at SAS Safety Corp.'s sole discretion whether to repair, replace, or credit the defective product.

SAS Safety Corp.'s Oil-less Air pump has a 1-year manufacture defect warranty to the original owner from the date of sell from SAS Safety Corp. Alleged defective pumps cannot be returned for credit. Repairs must have a Return Goods Authorization (RGA) Number. A serial number and date code will be needed. If date code is more than 1-year, owner must provide a copy of original receipt prior to obtaining a Return Goods Authorization (RGA) number. At the sole discretion of SAS Safety Corp., we will repair or replace (one time only), at no charge. Customer is responsible for freight charges to SAS Safety Corp. in all cases.

Oil-less air pumps out of warranty needing repairs will require a Return Goods Authorization (RGA) Number for an estimate of repair. Repairs not covered under warranty have a 30-day guarantee. Oil-less air pumps must be returned in its original product packaging materials or equivalent, and/or be well padded, to prevent damage when in transit, and should be adequately insured by customer.
